CAPITAL PRODUCTS
THE STANDARD OF COMPARISON

ALL CAPITAL holders are the ultimate for protection and coin display. You are justly proud of your coins, and you will be more than delighted when you see them housed in **CAPITAL** display holders. They are economical too, providing a most luxurious setting for your favorite sets at the lowest cost consistent with highest quality.

CAPITAL'S PLEXIGLAS holders are made of lifetime plastic which will never fade or discolor. Each holder is made of three pieces of plexiglas, the outer pieces being transparent and the center piece in beautiful red, green or blue transparent, jet black or milk white. These holders are printed in gold.

The coin openings are tapered and carefully sized to insure accurate fit of coins. Each holder is assembled with a generous quantity of plastic screws. The Proof Set holder is held with 6 screws.

All holders are match marked at the edge for ease of reassembly.

COLOR DESIGNATION:

Holders marked with an asterisk (*) preceeding code number are available in color: transparent red, green or blue and opaque white or black.

CAPITAL'S POLYSTYRENE line of holders, **SHO-CASE, COMET** and **COMPACT** are unique in design, budget priced, yet providing all of the desirable features found in more expensive holders. Both sides of your coins are visible through crystal clear polystyrene plastic. The specially developed high quality cardboard used in the inserts is printed in black ink for complete identification and easy readability. The plastic bolt together construction insures your coins against finger marks, saliva spots and your coins will not fall out causing rim nicks, even should the holder be dropped.

Immediate Delivery On Most Orders:

Most orders shipped within two days, but some colors are occasionally out of stock. If alternate colors are given you can be assured of quick delivery.

Holders 5 x 6 and larger will be shipped in attractive sturdy gift boxes.

NOTE: All holders with numbers in the 400 series are fully imprinted. These holders are titled with dates and mint marks, or any other appropriate descriptions.

ALL CAPITAL PRODUCTS ARE UNCONDITIONALLY GUARANTEED

HOLDERS FOR MEDALS OR TOKENS

Because medals are made in so many different metals, diameters and thicknesses, it has become impossible for us to stock standard medal holders for immediate delivery. Many medals vary in size one from another, even though they are classified as being exactly alike.

For this reason, should you wish to place an order for a medal holder, be sure to send the medal to be housed along with your order. In this way you will be assured that the medal will fit perfectly in the opening we will provide.

The diameter and thickness of a medal governs the size holder that will be required in length, width and thickness. Price then is dependent upon these factors and upon the amount of printing desired.

We will gladly send you a price quote, if you will give us all pertinent information such as color, size, rough sketch and printing of the holder you have in mind. If the medal to be housed is no thicker than a silver dollar, the colors available are black, white, red, green or blue. For thicker medals, black white and clear, are the only available colors. A rough estimate on a 3 x 3 size - thick holder, is $3.00; a 4 x 4 is $4.50.

Allow two to three weeks for delivery after date your order is received.
